

SETTI HEMANTH BABU

Front-end Developer

Ph: 9490980700 | hemanth170648@gmail.com | [Linkedin](#) | [Portfolio](#)

Objective

Front-end Developer with 2+ years of experience specializing in building visually appealing and user-friendly and responsive web applications using modern technologies such as React.js, Next.js, Redux, JavaScript (ES6+), Typescript, and Node.js. Strong expertise in front-end development and a proven ability to create scalable, efficient, and high-performing applications. Proficient in HTML, CSS, JavaScript, React JS, Next JS, Mantine UI, Tailwind, and version control using Git, GitHub.

Profile

- I have **2+** years of Experience in developing web applications.
- Good knowledge on HTML, CSS, Tailwind CSS, JavaScript, React.JS, Mantine UI, Next.JS, Node.JS, Git, GitHub.
- Experience in Validation, Coding and Testing.
- Experience on React JS and Next JS Web Development.
- Systematic Approach, quick adaptability to new technologies, ability to work with teams.

Skills

Languages: JavaScript, Typescript, HTML

Libraries & Frameworks: React.Js, Next.js, Redux Toolkit, Tan stack, Mantine UI, Material UI

Styling: CSS, Responsive Web Design, Ant Design, Bootstrap.

Tools & Platforms: Visual Studio, Npm, Vercel, Blogger, Git, GitHub.

Operating Systems: Linux, Windows, MacOS

Testing: Jest

API's: Restful API's

Experience

Front-end Developer
Bytup Technologies Pvt Ltd

Feb 2025 – Present

Junior Front-end Developer
Bytup Technologies Pvt Ltd

August 2023 – Jan 2025

Projects

Project: Real

Technologies: React, Tailwind CSS, Redux Toolkit, TanStack Query, Open APIs, Jest

- Built dedicated dashboards for Agents, Admins each with customized user interfaces and feature sets tailored to specific user roles.
- Implemented property listing management, real-time inquiry tracking, lead management, and performance analytics using Redux Toolkit for efficient state handling and TanStack Query for data synchronization.
- Created robust administrative tools, including user role management, dynamic system settings, analytics dashboards, and content moderation functionalities powered by Open APIs and scalable front-end architecture.
- Wrote unit and integration tests with Jest to ensure component reliability and optimized application performance for responsiveness, cross-browser compatibility, and accessibility.

Project: PrepAce

Technologies: Next.js, Tailwind CSS, Redux Toolkit, REST APIs, Generative API, Server Actions.

- Developed AI-driven mock interview platform, enhancing user preparedness and confidence in job interviews.
- Customized interview simulations tailored to specific industries, providing relevant practice scenarios for users.
- Implemented advanced feedback mechanisms, allowing users to receive constructive critiques on their performance.
- Integrated video recording features, enabling users to review their interview responses and improve delivery.
- Optimized user interface for intuitive navigation, improving overall user experience and satisfaction.
- Leveraged real-time analytics to track user progress, helping them identify strengths and areas for improvement.
- Actively participated in code reviews, both giving and receiving constructive feedback to ensure code quality, maintainability, and adherence to best practices

Project: Any UNI

Technologies: Next.js, Tailwind CSS, Redux Toolkit, REST APIs.

- Developed a comprehensive web application for exploring and applying to university courses abroad, simplifying the application process for users.
- Created dynamic and nested routes using Next.js file-based routing system to enable SEO-friendly and scalable URLs for user profiles, blog posts, or product details.
- Leveraged dynamic route parameters to fetch data dynamically from APIs and render content based on the URL
- Integrated dedicated mentorship programs, providing personalized guidance and support throughout the application journey.
- Integrated application tracking features, allowing users to monitor the status of their university applications in real-time.

Project: E-learning Platform

Technologies: Next.js, Tailwind CSS, Accertinity UI, Strapi.

- Developed a comprehensive e-learning platform enabling users to browse, purchase, and access a wide range of online courses.
- Implemented a user-friendly dashboard for personalized learning experiences, allowing users to track their progress and manage enrolled courses.
- Optimized course discovery through advanced search and filtering options, helping users find relevant content quickly.
- Worked closely with the design and back-end development teams to implement UI/UX designs and integrate front-end features with back-end services

Education

B.Tech (Computer Science and Engineering) 2019-2023
Rajiv Gandhi University of Knowledge Technologies, R.K Valley (A.P)

PUC (MBiPC) 2017-2019
Rajiv Gandhi University of Knowledge Technologies, R.K Valley (A.P)

Certifications

- Become a Full-Stack Web Developer (LinkedIn) 06/2022-09/2022
Certification ID: AYiVyjcyLwPOCzozjTTyOx034VD-
- Modern JavaScript: ES6 Basics (Coursera) 06/2022-07/2022
Certification ID: TWURENQFJP2W
- 98368MTA Mobility and Device Fundamentals (Microsoft) 01/2022-06/2022
Certification ID: 98368_MTA

Personal Details

Marital Status: Unmarried
Languages: English, Telugu
Willing to Relocate: Yes
